San Diego button-celery (*Eryngium aristulatum* var. *parishii*)

www.santarosaplateau.com

San Diego button-celery was listed by the U.S. Fish and Wildlife Service as an endangered species on August 3, 1993, fourteen years after it was listed as endangered by the State of California. It is a CNPS List 1B species.

San Diego mesa mint (*Pogogyne abramsii*)

San Diego mesa mint was listed as endangered by the federal government on September 28, 1978, and was listed the following year by the State of California. This plant is a CNPS List 1B species, and is a narrow endemic species under the City of San Diego Land Development Code Biology Guidelines (2001).
